**RATIONALE FOR PROPOSAL**

MobileComm of the Northeast, Inc. ("MobileComm") is the entity that has operating authority conferred by the Public Utilities Commission of Ohio ("Commission") to provide paging services. Mobile Communications Corporation of American ("MCCA"), is the parent corporation of MobileComm. In turn, MCCA is an indirect subsidiary of BellSouth Corporation ("BellSouth"). MobileMedia Communications, Inc. ("MMCI") will acquire all of the stock of MCCA in a transaction that also involves the sale to MMCI of non-Ohio PCS assets of another BellSouth subsidiary. When the transaction is completed, MMCI will own all the stock of MCCA, the parent of MobileComm.

It should be emphasized that the legal status of MobileComm as a subsidiary of MCCA will remain unchanged. It will continue to be a subsidiary of MCCA and thus the transaction will be transparent to the MobileComm subscribers in Ohio. Furthermore, the day to day operations of MobileComm will continue unchanged though eventually it is expected that the MMCI resources will be available to improve existing facilities and to expand the services being provided by MobileComm to its Ohio subscribers.

This filing is being made because of Commission precedent to the effect that the Commission, pursuant to its general supervision of regulated entities, desires regulated competitive telecommunications carriers to file with the Commission notice of changes of, or in, ownership of the parent companies of the regulated entities.
