

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Joint Petition of)
Ohio Power Company and South Central) Case No. 02-1384-EL-PEB
Power, Requesting Revision to a)
Territorial Boundary Map.)

ENTRY

The Commission finds:

- (1) Ohio Power Company (Ohio Power) and South Central Power Company (South Central) are electric suppliers as defined in Section 4933.81, Revised Code.
- (2) Certification by the Commission of the territories of Ohio Power and South Central was approved by Entries dated September 28, 1983 and April 8, 1981 in Case No. 78-1311-EL-ORD.
- (3) Ohio Power and South Central have jointly petitioned the Commission to reallocate their service territories in Greenfield Township, Fairfield County, Ohio. Specifically, they request the following relocation:

On quadrangle map Q18-Amanda, Fairfield County has purchased a 66 acre property at 2980 West Fair Avenue in Lancaster that the County intends to use as a service complex for the County. All of the 66 acres are in South Central certified territory, except for the building that is being served by Ohio Power as Overlap Area "A". Ohio Power is agreeable to eliminating Overlap Area "A" and having South Central begin to provide service to the building that Ohio Power is presently serving in the overlap. South Central is able and willing to serve the entire 66 acre site.

- (4) In support of their request, the petitioners state that the Fairfield County Commissioners believe that in order to simplify matters and properly develop the site, it would be best to have the entire 66 acre site, served by South Central.
- (5) Section 4933.83 (E), Revised Code, provides in pertinent part:

Notwithstanding the effectuation of certified territories established by or pursuant to Sections 4933.81 to 4933.90 of the Revised Code, and the exclusive right of electric suppliers to serve within such territory, and notwithstanding any other provisions of such sections establishing rights of electric suppliers to furnish electric service, any two or more electric suppliers may jointly petition the Commission for the reallocation of their own

territories and electric load centers among them and designating which portions of such territories and electric load centers are to be served by each of the electric suppliers.

- (6) No exception to the change described in Finding (3) has been brought to the Commission's attention.
- (7) The Commission finds that granting the requested relief will promote the purposes of Sections 4933.81 to 4933.90, Revised Code, and will further promote the provision of adequate service to all territories and electric load centers affected by the relocation. Accordingly, the Commission shall order the appropriate modification of the territorial boundary of Ohio Power and South Central.

It is, therefore,

ORDERED, That the request of Ohio Power and South Central to relocate their territory boundary is granted. It is, further,

ORDERED, That the change on quadrangle map Q18-Amanda, described in Finding (3), be approved to show the boundary line change. It is, further,

ORDERED, That a copy of this Entry be served upon each party of record.
