## ELECTRIC SERVICE AGREEMENT

This Agreement made and entered into as of the 20<sup>th</sup> day of November, 1998,  
by and between The Cleveland Electric Illuminating Company, hereinafter called the  
"Company", and Chemical Solvents, Inc., hereinafter called the "Customer".

### WITNESSETH

WHEREAS, the Customer currently is provided electric service by the Company to the  
facility(ies) with location(s) and Company Account No(s). as provided in Appendix 1  
incorporated herein by reference, herein known individually or collectively as the "Facility",  
and,

WHEREAS, the Company desires to provide incentives that will improve productivity,  
efficiency and quality, thereby encouraging production, expansion and retention of employment  
in Northeast Ohio.

WHEREAS, the Customer desires to enter into an agreement which would provide such  
incentives to make the Facility more competitive.

NOW, THEREFORE, in consideration of the premises, the parties hereto agree with  
each other as described in the following sections:

1. Electric Service. The Company shall render electric service to the Facility under the  
provisions of the General Rules and Regulations, including Paragraph 7 thereto, of PUCO No  
12, Electric Service, and under the rates, charges, riders, including Rider No. 1, terms and  
conditions of those schedules of PUCO No. 12, Electric Service, deemed appropriate by the  
Company, as may be amended or superseded from time to time with the approval of the Public  
Utilities Commission of Ohio (PUCO), and that are in effect at the time of service being  
rendered. Electric service rendered shall be charged and billed separately unless otherwise  
provided for by the appropriate schedules. The Customer agrees to accept and pay for such  
service as provided herein, subject to the incentive provided for by Section 2.

2. Incentive. The Customer shall receive the incentive fully described in Appendix A, B,  
C to this Agreement, which is incorporated herein by reference. Such incentive shall apply  
during the term of this Agreement stated in Section 7 herein.

3. Sole Electric Power Requirement. The Customer agrees to have the Company as the  
sole supplier of all electric power to the Facility, and the Company agrees to supply all of the  
electric power to the Facility.

4. Assignment. The Customer agrees that this Agreement shall be assigned or otherwise  
transferred to another, including a successor owner or occupant of the Facility, with the written  
consent of the Company. The benefits and obligations of the Company may be assigned by the  
Company to any successor in interest without Customer approval.

5. Notices. Any notice required to be given hereunder or desired by either party to be given shall be deemed effective when mailed by first class mail, postage prepaid, if to the Customer at:

Chemical Solvents Inc  
3751 Jennings Rd.  
Cleveland, OH 44109  
Attn: Charlie Kahn

and, if to the Company, at:

Director - Sales  
The Cleveland Electric Illuminating Company  
P.O. Box 94661  
Cleveland, Ohio 44101-4661

6. Rebiling Provision: In the event that the Company should no longer be the sole supplier of all electric power to the Facility during the term of this Agreement, which will be construed as a breach of, and has the effect of canceling this Agreement, the Company may bill the Customer for the amount of the incentive already received under the agreement. Such incentive is described in the Appendix to this Agreement. The Customer shall pay such bill within thirty (30) days after the date of the receipt of the bill by the Customer, and if the bill remains unpaid, interest at the rate of 1.5% per month shall be charged and paid. Notwithstanding the foregoing, this cancellation and rebilling provision is a remedy optional to the Company for the Customer's breach and not the exclusive remedy available to the Company. The Company may elect to forego its cancellation and rebilling remedy in favor of pursuing all other remedies available to it for the Customer's breach, including specific performance, consequential and incidental damages.

7. Term and Effective Date. This Agreement shall be effective beginning with the electric bill rendered for the month of December, 1998 and shall continue for five (5) years thereafter. This Agreement shall terminate with the electric bill rendered for the month of November, 2003. Upon termination of this Agreement, the Customer will be served under the appropriate Company rates on file with the PUCO, without the incentive applying.

8. Force Majeure. If because of Force Majeure, either party shall be unable to carry out any of its obligations under this Agreement or fully to deliver or utilize the electric service of the Company contemplated herein, then the obligations of that party shall be suspended to the extent made necessary by Force Majeure. The party affected by Force Majeure shall give notice to the other party as promptly as practical of the nature and probable duration of Force Majeure. "Force Majeure" shall mean acts of God, riots, strikes, labor disputes, labor or material shortages, fires, explosions, floods, breakdown of or damage to plants, equipment or facilities, or other causes of similar nature which are beyond the reasonable control of the party and which wholly or partially

(Version 2/98)

prevent the supplying of electricity by the Company or the receiving or utilization of such electricity by the Customer, provided that the effect of such Force Majeure shall be eliminated insofar as possible with all reasonable dispatch, provided further, that performance by the parties hereunder shall be excused only to the extent made necessary by the Force Majeure condition; provided further, that neither party shall be required to settle a labor dispute on terms unacceptable to the party affected; and provided further, that neither party shall be required to rebuild all or a major portion of its facilities which are destroyed or substantially impaired by a Force Majeure condition.

9. Confidentiality of Information. All information provided in, or in connection with, this Agreement, whether printed, written or oral, shall be held in confidence and used only for the business purpose for which it was provided, except to the extent made public by the PUCO.

10. Governing Law. The validity, construction and performance of this Agreement shall be determined in accordance with the laws of the State of Ohio.

11. Clause Heading. The clause headings appearing in this Agreement have been inserted for the purpose of convenience and ready reference. They do not purport to and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they pertain.

12. Entire Agreement. This Agreement, together with the Appendix thereto, contains the entire agreement between the parties and there are not representations, understandings or agreements, oral or written, which are not included herein. This Agreement cannot be changed except by written instrument executed by duly authorized representatives of the parties.

13. Governmental Approvals. This Agreement is subject to all applicable rules and regulations, and all necessary approvals or authorizations, of any governmental authority. The Company will use its best efforts to secure any necessary approval of this Agreement by the PUCO with the assistance and cooperation of the Customer. The Company and the Customer shall also use their best efforts to secure any other approvals or authorizations from any other governmental authorities, which approvals or authorizations may be necessary at any time during the continuance of this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their duly authorized officers or representatives as of the day and year first above written.

ENERGY EFFICIENCY ACCOUNT

(a) The Account. An Energy Efficiency Account shall be established and administered by the Company. The monies in the account shall be made available to the Customer for Energy Efficiency projects at the Facility, or at other facilities receiving electric service from the Company as the Company authorizes in its sole discretion, which are designed to increase energy efficiency, increase production in an energy efficient manner, increase plant efficiency or competitiveness through electric applications. Energy Efficiency Projects will not include equipment such as vehicles, tow motors, office furniture or other items not relating to production or the physical structure of the Facility or other facilities. Monies may be made available from the account at any time subject to the provisions of (b) and (c) below.

(b) Use of Energy Efficiency Account. The Company will review information on a proposed project submitted by the Customer to make a determination whether the project qualifies for funding under this Energy Efficiency Account. Upon approval by the Company for funding and a decision to proceed by the Customer, one-half of the allocation will be made available to the Customer at the commencement of the project and the balance upon project completion. Withdrawals from the account shall not exceed the amount within the account regardless of approved funding.

(c) Company Contribution to Energy Efficiency Account. Upon the effective date of the Agreement, the Company shall contribute \$10,558.00, which is the equivalent of 20% of the estimated revenue from the Customer for that Facility, based on the previous 12 months of usage. Based on the revenue from that same 12 month usage, the Company shall contribute in months 13, 25, and 37 of this Agreement \$5,279.00, which is the equivalent of 10% of the estimated revenue for that Facility. The Company shall reduce each such contribution on a pro rata basis for each month that timely payments do not occur during those periods.

The Energy Efficiency Account is a non-interest bearing account. Creation of this account is not a customer contribution, nor evidence of indebtedness to the Customer. Any monies remaining in the Energy Efficiency Account at the cancellation or termination of the Agreement shall remain with the Company.

Economic Development Incentive

In the event the Customer increases its monthly demand by at least 100 kWd over a base level of 65kWd which represents its previous twelve month average billing demand, the Customer will receive the following monthly discounts to demand charges for that portion of demand which exceeds the base level. The Customer will receive such discounts for sixty (60) consecutive months with the first month of the discount being December, 1998 which is not later than six months after the effective date of this Agreement.

The demand discounts will begin the later of a) the month stated in the Appendix or b) the month when the Customer's demand is 100 kW over the base level shown in the Appendix. The term shall be for sixty months beginning with the month stated in the Appendix.

<u>Period</u>	<u>Discounts on Incremental Demand Charges</u>
Month 1 - Month 12	50%
Month 13 - Month 24	40%
Month 25 - Month 36	30%
