Case no. 01-1955 EL-CSS

PUCO

Dear Sir:

In regard to your letter on Conference
Hearing of Nov. 8th:

It is impossible for me to attend.
Earlier summer I broke my rt. Tibula
Am just beginning to get more normal
use of my ft. & leg. Would not even
attempt driving in heavy Cal. traffic.

Then Electric men who changed the
transformer said, "the wires are loose, broken
and fell into his hands when removing. I
happened to be outside when they came.

They also said that was probably 90%
of the problem. Since last month
Elect. was off 5 times for a minute
or two. Have not noticed flicking
since.

Thank you
Ruth Millisor
