

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Joint Petition of)
Ohio Edison Company and The Cleveland) Case No. 96-1197-EL-PEB
Electric Illuminating Company, Requesting)
Revision to a Territorial Boundary Map.)

ENTRY

The Commission finds:

- (1) Ohio Edison Company (Ohio Edison) and The Cleveland Electric Illuminating Company (Cleveland Electric) are electric suppliers as defined in Section 4933.81, Revised Code.
- (2) Certification by the Commission of the territories of Ohio Edison and Cleveland Electric was approved by Entries dated September 28, 1983 in Case No. 78-1311-EL-ORD and January 20, 1982 in Case No. 81-732-EL-UNC.
- (3) Ohio Edison and Cleveland Electric have jointly petitioned the Commission to reallocate their service territories in Avon Township, Lorain County, Ohio. Specifically, they request the following relocation:

On quadrangle map C24-North Olmsted, in Woodmore Subdivision located in the city of Avon beginning at the point where the existing line meets the eastern property line of the Woodmore subdivision; thence north 625 feet along Woodmore subdivision property line; thence west 1802.45 feet along Woodmore subdivision property line; thence south 265 feet along a subdivision property line to the point where the relocated line meets the existing line.

- (4) In support of their request, the petitioners state that the relocated boundary line will allow a single supplier to most economically serve new customers in a proposed residential allotment.
- (5) Section 4933.83(E), Revised Code, provides in pertinent part:

Notwithstanding the effectuation of certified territories established by or pursuant to Sections 4933.81 to 4933.90 of the Revised Code, and the exclusive right of electric suppliers to serve within such territory, and notwithstanding any other provisions of such sections

Technician Ann M. Ni Date Processed Feb 7, 1997

establishing rights of electric suppliers to furnish electric service, any two or more electric suppliers may jointly petition the Commission for the reallocation of their own territories and electric load centers among them and designating which portions of such territories and electric load centers are to be served by each of the electric suppliers.

- (6) The Staff has reviewed this petition and recommends approval of the boundary line relocation described in Finding (3).
- (7) No exception to the change described in Finding (3) has been brought to the Commission's attention.
- (8) The Commission finds that granting the requested relief will promote the purposes of Sections 4933.81 to 4933.90, Revised Code, and will further promote the provision of adequate service to all territories and electric load centers affected by the relocation. Accordingly, the Commission shall order the appropriate modification of the territorial boundary of Ohio Edison and Cleveland Electric.

It is, therefore,

ORDERED, That the request of Ohio Edison and Cleveland Electric to relocate their territory boundary is granted. It is, further,

ORDERED, That the change on quadrangle map C24-North Olmsted, described in Finding (3), be approved to show the boundary line change. It is, further,

ORDERED, That a copy of this Entry be served upon each party of record.
