Ms. Renee J. Jenkins - Chief  
Docketing Department  
The Public Utilities Commission of Ohio  
180 East Broad Street - 13th Floor  
Columbus, OH 43215-3793

Transmittal Letter  
Revised Tariff Sheets Filed Pursuant to the  
Commission's Order in Case No. 83-464-TP-COI  
and  
Case No. 90-5023-TP-TRF

Dear Ms. Jenkins:

Revised tariff sheets have been filed with the FCC to amend Verizon Tariff FCC No. 14, Facilities for Interstate Access, in which Verizon North Inc. concurs for intrastate applications, except as otherwise ordered by the PUCO on June 27, 2002 in Case No. 00-127-TP-COI.

In accordance with your Commission's Order in Case No. 83-464-TP-COI, we are filing four (4) copies of these revised tariff sheets.

Transmittal No. 476 - Effective August 12, 2004  
With this filing, Verizon is submitting tariff pages to introduce Shared Physical Expanded Interconnection Service (EIS) arrangements as an optional feature to its existing physical collocation offering in FCC Tariff no. 14.

Acknowledgement and date of receipt of this filing is requested.

Sincerely,

*TC/cfc* *Todd Colquitt*  
Todd Colquitt  
President

17. EXPANDED INTERCONNECTION SERVICES (Cont'd)

17.7 Physical EIS (Cont'd)

17.7.7 Shared Physical EIS Arrangements

- (A) A customer with Physical EIS service under this section shall have the right to share its Physical EIS Arrangement with one or more additional entities, provided that all such entities are qualified to be customers as specified in Sections 17.1 and 17.2. All such entities must limit their EIS activities to those permitted under the tariff provisions specified herein.
- (B) For established Physical EIS Arrangements, the initial customer is the "Customer of Record"(COR), or "host" customer. The other customer(s) participating in the sharing arrangement is referred to in this tariff as the "guest(s)." When two or more customers request establishment of a new Physical EIS Arrangement to be used as a Shared Physical EIS Arrangement, one of the participating customers must agree to be the COR and the other(s) to be the guest(s). The host customer is the Telephone Company's customer and has all the rights and obligations applicable under this tariff to customers purchasing Physical EIS arrangements, including the obligation to pay all applicable charges, whether or not the COR is reimbursed for all or any portion of such charges by the guest. Neither this tariff, nor any actions taken by the Telephone Company or COR in compliance with this tariff, shall create a contractual, agency, or any other type of relationship between the Telephone Company and the guest(s) customer in a sharing arrangement; and the Telephone Company does not assume any liability or obligation to the guest(s) for any actions of the COR. The host and the guest(s) are solely responsible for determining whether to share a Shared Physical EIS Arrangement, and if so, upon what terms and conditions.
- (C) The host customer must notify the Telephone Company in writing of its intention to share its Physical EIS Arrangement.

17. EXPANDED INTERCONNECTION SERVICES (Cont'd)

17.7 Physical EIS (Cont'd)

17.7.7 Shared Physical EIS Arrangements (Cont'd)

- (D) Orders for connection to Telephone Company services must be placed by the COR. The host and guest(s) may agree that such orders may be placed by the guest(s), but in such cases, the Telephone Company must be provided with an acceptable Letter of Authorization explicitly authorizing the guest(s) to place such orders.
- (E) All terms and conditions for Physical EIS as described in this Section will apply. In addition, the following terms and conditions will apply to Shared Physical EIS Arrangements.
- The host and guest(s) must each be collocating for the purpose of interconnecting to Telephone Company services.
  - The COR assumes the responsibility for the guest's violation of all tariff regulations and other requirements related to a Shared Physical EIS Arrangement and will be liable for any damage or injury to the Telephone Company caused by the conduct of the guest(s) to the same extent as the COR would be liable if it had engaged in such conduct itself. The COR will also indemnify the Telephone Company against any third-party claims resulting from the guest's conduct to the same extent as it would be responsible for such indemnification if it had engaged in such conduct itself.
  - The Telephone Company will issue only one identifying CLLI code and provide it to the host.
  - All occupancy and specific Physical EIS Arrangement communications will be between the host and the Telephone Company as specified in this tariff.
  - The host will remain responsible for all costs associated with the Shared Physical EIS Arrangement. The Telephone Company will not split bill any of the rate elements associated with the Physical EIS Arrangement between the host and its guest(s) (e.g., Engineering Fee, Cable Space and Cable Pull, dc Power, Overhead Superstructure, Cage Enclosure, and Partition Space, etc.).
