EMERGENCY TELEPHONE SERVICE TARIFF

RECEIVED

SEP 23 1996

ENHANCED EMERGENCY TELEPHONE SERVICE (E-9-1-1 Service)

DOCKETING DIVISION  
Public Utilities Commission of Ohio

1. General

When requested by local government authorities, subject to the availability of facilities, the Arthur Mutual Telephone Company, will provide a universal number "E-9-1-1" for the use of Public Safety Answering Points (PSAP's) engaged in assisting local government in the protection and safety of the general public. Use of the "E-9-1-1" number will provide each caller with telephone access to the appropriate local PSAP.

2. Regulations

The regulations set forth below apply to "Enhanced 9-1-1" service, hereinafter referred to as 9-1-1 service:

- a. Application for 9-1-1 service shall be executed in writing by each participating local government authority or their duly appointed agent. If application is made through an agent of the local government authority, the Company shall be provided with evidence, satisfactory to the Company, of the appointment and establishment of service. As a minimum, both police and fire departments in each local government authority must participate in any 9-1-1 service and participation shall be in the same 9-1-1 service.
- b. The 9-1-1 service customer may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been legally delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility to respond to telephone calls from the public for emergency police and fire and other services with the telephone central office areas arranged for 9-1-1 service calling.

EMERGENCY TELEPHONE SERVICE TARIFF

---

2. Regulations (Cont'd)

- c. Each participating local governmental authority must furnish to the Company its written agreement, duly executed, by which it shall agree to:
1. Provide sufficient personnel to staff the PSAP on a 24 hour continuous basis.
  2. Accept responsibility for dispatching, or referring, forwarding or transferring 9-1-1 calls to other participating local government authorities for the dispatch of police, fire, ambulance or other emergency services to the extent such services are reasonably available.
  3. Subscribe to additional local exchange service, at the PSAP location, for administrative purposes, for placing outgoing calls and for receiving other emergency calls, including calls which might be relayed by an operator.
  4. Make operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Telephone Company in the event the system is not functioning properly.
- d. The service is limited to the use of central office telephone number 9-1-1 as the emergency number. Only one 9-1-1 service will be provided with any government agency's locality.
- e. The service is furnished to the customer only for the purpose of receiving reports of emergencies by the public.

2. Regulations (Cont'd)

- f. E9-1-1 Service is arranged only for one-way incoming service to an appropriate PSAP. Out going calls can only be made on a transfer basis.
- g. Information contained in the Company's data base management system will be maintained for 9-1-1 service and will be used exclusively for this purpose.
- h. E9-1-1 Service information consisting of the name, address and telephone numbers of customers who subscribe to non-published telephone service is confidential and the PSAP agency agrees to use such information only for the purpose of responding to emergency 9-1-1 Service calls. No liability for damages arising from disclosure of a non-published telephone number shall be attached to the Company.
- i. Any party residing within the 9-1-1 Service serving area forfeits the privacy afforded by non-published telephone numbers to the extent that the customer's name, telephone number and address associated with the originating station location are furnished to the PSAP.
- j. Because the Company authorized service area boundary and political subdivision boundary may not coincide, the customer must make arrangements to handle all calls received on 9-1-1 Service lines that originate from all telephones served by the Arthur Mutual Telephone Company, whether or not the calling telephone is situated on property within the geographical boundary of customer's public safety jurisdiction.
- k. The customer will develop an appropriate method for responding to calls for non-participating agencies which may be directed to a 9-1-1 Service PSAP by calling parties.

2. Regulations (Cont'd)

1. The number of lines to the "lead" LEC (Paulding Exchange, ALLTEL OHIO, INC.) shall be as required by Paulding County E-9-1-1 Emergency Telephone Number System Plan.
- m. The calling party is not charged for calls placed to the E-9-1-1 number, however regular message toll charges will be applied to the PSAP line, where appropriate, for messages transferred by a PSAP over exchange facilities from the central office serving the PSAP initiating the transfer to the point of termination of the transfer, if located outside the local calling area of the exchange.
- n. The Company does not undertake to answer and forward E-9-1-1 service call, but furnishes the use of its facilities to enable the customer's personnel to accept such calls on the customer's designated premises.

3. E-9-1-1 Service Features

- a. Automatic Number Identification (ANI):  
A feature by which the calling party's telephone number is forwarded to the E-9-1-1 control office and to the PSAP's display and transfer units.

4. Rates and Charges

- a. E-9-1-1 service is provided to residents who subscribe to local exchange telephone service. The rate for this service will be as indicated for the appropriate County on the County Rate List located at the back of this section.
