MEMORANDUM IN SUPPORT OF MOTION TO INTERVENE

In support of its Motion to Intervene People Working Cooperatively, Inc., ("PWC") states that it is an Ohio corporation not-for-profit which has contracted with Cincinnati Gas & Electric Company ("CG&E") for over fifteen (15) years to provide energy saving measurement installations and energy education for low-income customers of CG&E. During that time PWC has performed over 50,000 repairs. Weatherization services alone exceed 13,000 customers.

PWC also performs all necessary health and safety tests during the installation process to insure the health and safety of the residents that receive its services. The program is designed to assist the CG&E gas customers with the biggest need to get energy savings.

PWC currently has several contracts with CG&E and wants to assure itself that nothing in either of the subject cases in any way negatively impacts those contracts.

PWC has had a constructive relationship with CG&E and has performed the required services in its contracts in a professional and constructive manner.

PWC has a real and substantial interest in this case that is not specifically represented by any other party. The PWC participation will contribute to the just resolution of the issues involved in these proceedings. No party will be unjustly prejudiced by the PWC intervention.

WHEREFORE, People Working Cooperatively, Inc., respectfully requests that its Motion to Intervene be granted.

Respectfully submitted,

Henry W. Eckhart (0020202)
