Re: Case No. 01-2844-TP-ATA
Case No. 90-5013-TP-TRF

Dear Ms Crockron:

On November 2, 2001, Cincinnati Bell Telephone Company (CBT) had filed to revise its **General Exchange Tariff, PUCO No. 8**, Section 45, Complete Connections Service to **add the Caller ID, Calling Name, and Speed Calling 8 features to Business Complete Connections**. It was recently discovered that CBT had inadvertently not filed the final tariff pages associated with that filing following the 30-day review period. CBT is correcting that oversight with this filing and apologizes for any inconvenience that this omission may have caused.

In accordance with Case No. 90-5013-TP-TRF reserved for the filing of CBT's approved tariffs and Case No. 01-2844-TP-ATA issued by the Public Utilities Commission of Ohio on November 2, 2001, we are forwarding three copies and reserved for the filing of CBT's approved tariffs. The tariff pages bear the effective date of December 3, 2001 and list the most current revision number of the affected tariff pages.

COMPLETE CONNECTIONS SERVICE

II. Business (Cont'd)

B. General (Cont'd)

2. Features associated with an individual service package are per line. (M)
Features cannot be split between lines.
3. The Local Service Areas for Business Complete Connections are the same as the Local Service Areas defined in Section 3 of the Company's ERT. Community Connection Service charges, as described in Section 1 of the Company's ERT, apply to Business Complete Connections Service when appropriate. All rules, regulations and limitations for the optional features specified in the noted tariff sections apply to Business Complete Connections.
4. Features that are selected by a subscriber to be included in the Business Complete Connections package are not eligible for any additional discounts or credits. In particular, discounts and/or credits included in any separate package pricing for Custom Calling or Custom Calling Plus Services do not apply to services a customer selects for Business Complete Connections.
