RE: In the Matter of the Application of Vanlue Telephone Company to Amend its Tariff to Change Direct Inward Dialing, PUCO Case No. 03-313-TP-ATA

Dear Ms. Crockron:

Enclosed are an original and three (3) copies of final tariff sheets to be filed on behalf of Vanlue Telephone Company. The TRF Number for Vanlue Telephone Company is 90-5042-TP-TRF.

Thank you for your assistance. If you have any questions, please do not hesitate to call.

Very truly yours,

Carolyn S. Flahive

P.U.C.O NO. 6
GENERAL EXCHANGE SERVICE TARIFF

DIRECT INWARD DIALING (DID) SERVICE

C. Conditions (Continued)

3. The service must be provided on a minimum of 10 lines in a trunk group arranged for inward service.
4. The rates herein contemplate the use of standard Telephone Company equipment and serving arrangements and are in addition to rates and charges for the service with which it is furnished. When equipment or service of a special type is requested and provided, rates and charges are related to the costs involved to meet the individual requirements of each case.
5. Operational characteristics of interface signals between the Telephone Company-provided connecting arrangements and the customer-provided equipment must conform to the rules and regulations the Telephone Company considers necessary to maintain proper standards of service.
6. The Telephone Company shall not be responsible to the customer or authorized user or joint user if changes in protection criteria or in any of the facilities, operations or procedures of the Telephone Company render any facilities provided by a customer, authorized user or joint user obsolete or require modification or alternation of such equipment or system or otherwise affect its use or performance.
7. Directory listings will be provided in accordance with the regulations of the "Directory Listings" section of this Tariff. DID numbers furnished herein are not entitled to free directory listings.
8. Customer-provided equipment must be arranged by the customer to provide for the intercepting of assigned but unused station numbers.
9. The customer being provided DID service will be responsible for all toll calls billed to the DID numbers.
10. DID numbers will be sold in conjunction with DID service only.
11. The assignment of the telephone numbers and the sequence of numbers assigned to a DID service is determined by the Company based on the rules established in FCC order 00-104. The customer may request a sequential block of numbers to be placed into service at a later date. Non-Recurring Charges for DID numbers may apply to recover the cost of reserving the numbers. Reserved numbers can only be held for a maximum of six months. After six months, the reserved numbers must be placed into service for that specific customer or the numbers will be categorized as available for use by other customers.
