RE: **Correction** to the Certification Application of )  
Eagle Energy, LLC for Authority to Provide ) Case No. 01-677-EL-AGG  
Aggregation and/or Power Broker Services. )

Dear Ms. Crockron:

On April 24, 2001, the Commission issued a Certificate to Eagle Energy, LLC in the above referenced Case for certification as a competitive retail electric service provider of aggregation and power broker services within the State. Recently, Eagle Energy changed its provider of long distance telephone services resulting in a change in our toll-free number for customer service and complaints. Therefore, Eagle Energy would appreciate the opportunity to correct and supplement its response to Exhibit A-5 to provide a current toll-free telephone number as follows:

1-888-280-5516

If there are any additional questions concerning this matter, please contact me. Thank you in advance for your assistance in this matter.

Very truly yours,

Donald I. Marshall,  
President
