REVISIONS OF EXISTING TARIFFS

Verizon North Inc. proposes to revise its Tariff P.U.C.O. No. 7 to add term and volume pricing to CyberDS1 Service.

STANDARDS FOR REVISIONS TO EXISTING TARIFFS

- 1) Q. The Reason for the change, including a description of what customers it is targeted to, or what customers are affected.
 - A. The proposed change, to add term and volume pricing to CyberDS1 Service, will only affect customers who chose to subscribe to a term volume plan for CyberDS1 Service.
- 2) Q. If the proposed change is a result of customer requests, a statement giving, if available, the number and type of customers requesting such change.
 - A. This change is not the result of customer requests.
- 3) Q. A statement of how the proposed change benefits the public interest.
 - A. Adding term and volume pricing to CyberDS1 Service benefits the public interest by discounting the rates for customers choosing a longer term and/or volume.
- 4) Q. An explanation of when the telephone utility will be technically capable of providing the service, as amended, or technically incapable of continuing to provide the service, if applicable. This should also include the Company's proposed date to implement the change, restriction or withdrawal.

- 5) Q. An explanation of how the affected customers are to be notified of any change.
 - A. Affected customers will be notified through normal channels of communication.
