RE: PUCO Formal Cases - closings

DATE: June 11, 1999

\*\*\*\*\*

By its orders issued in these cases since 1994, this Commission adopted agreements entered into between the Commission staff, local communities, and railroads, calling for specified grade crossings, to be upgraded by installing active warning devices, constructing new surfaces, and/or the closure of roads at grade crossings.

These rail projects were identified by staff as solutions to highway safety problems. By Commission Orders, the railroads were directed to complete these project by assigned deadlines.

On the basis of final reports staff has determined that, these projects were put in-service, constructed or closed. Accordingly, the following cases may be closed:
