Please be advised that the above cited cases, which were filed pursuant to the automatic procedures developed by the Commission in Case No. 89-563-TP-COI, have been thoroughly reviewed by the Staff. Based upon this review, Staff recommended that the applications be permitted to remain effective (0-day notice procedure). However, because a motion for protective order was filed in association with these cases, seeking protective treatment of specific information, the motion for protective order will be ruled on pursuant to Rule 4901-1-24, Ohio Administrative Code, and not pursuant to the automatic procedures and time frame. Consequently, these cases shall remain open until a ruling has been made relative to the Applicant's protective order motion.
