3.3 Operator Assistance (Cont'd)

3.3.3 Maximum Security Collect Service (Cont.):

B. Billable Local Exchange Company Program

Maximum Security Collect Service Customers whose local provider does have a billing and collection agreement with the Company and who bill less than a volume of \$100 a month may be billed via their local exchange carrier.

Maximum Security Collect Service Customers whose local provider does have a billing and collection agreement with the Company and who bill in excess of a volume of \$100 in Maximum Security Collect Services in any month may be required to be direct billed with certain restrictions.

B.1 Maximum Security Collect Customer Account Provisions – Direct Billing Arrangement:

- a) A Customer will be notified via a voice response unit, via three call attempts, to call into the Company within two business days concerning billing changes on their calls received from correctional facilities. A Customer that does not call into the Company to enroll in the Billable Local Exchange Company Program within two business days will be blocked from receiving Maximum Security Collect Service until the Customer enrolls in the direct bill program.
- b) A Customer will be directly billed by the Company with unlimited monthly calling as long as his balance does not exceed his selected balance limit. The Customer will have the ability to make multiple payments during a month so as to reduce his balance below his selected balance limit. The Customer may choose the balance limit by paying a one-time prepayment based on the table below. The Customer's prepayment will be automatically applied as usage is incurred. For higher balance limits, the Customer can make special arrangements with the Company.

Balance	Prepayment
\$100	\$0
\$150	\$50
\$200	\$100
\$250	\$150

- c) The Customer must provide a verifiable telephone number and associated billing name and billing address. Otherwise, their telephone number will be subject to blocking.
- d) At the time of account establishment, the Customer may be required to provide the Company a copy of his or her most recent telephone bill. The Company reserves the right to deny service if the associated telephone number and billing name and billing address on the telephone bill do not match the information provided by the Customer, or if the bill reflects that the Customer has not paid in full for telephone services.
- e) At the time of account establishment, the Customer will be allowed to accept a predetermined balance limit. When the balance limit is exceeded, the telephone number will be blocked from receiving Maximum Security Collect Service calls until a payment is made.
- f) After account establishment, the Customer will receive a letter explaining the program in detail.
- g) Payments may be made multiple times within a month to reset the balance limit. This allows Customers to receive unlimited calls in a month as long as a payment is made when the balance limit has been reached.

ALL MATERIAL ON THIS SHEET IS NEW.
