Re: PUCO Case No. 05-1436-TP-ATA

Enclosed are two sheets revised per discussions with staff. In the existing tariff filed November 30, 2005, please replace Section 15, page 4 and Section 17, page 24 of Exhibit B with the sheets enclosed. These revisions correct the pages to show the Trunk Port break down as is currently done.

If you have any questions regarding this revision, please contact me or Cheryl Williams of PUCO staff.

Enclosure

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

ACCESS SERVICES AND NETWORK INTERCONNECTION SERVICES

SECTION 15
1ST REVISED PAGE 4
CANCELS
ORIGINAL PAGE 4

P.U.C.O. NO. 7

15. AT&T DIGITAL LINK ACCESS SERVICE

15.2 DLAS RATE CATEGORIES (Cont'd)

15.2.2 Switching Charge

A. Originating Switching Charge

The Originating Switching Charge rate category provides the switching and DLS End User origination functions necessary to originate DLAS Calls from a DLS End User to a Customer.

The rates for the Originating Switching Charge are set forth in SECTION 17. The application of these rates is as set forth in 15.3.1.C. following.

B. Terminating Switching Charge

The Terminating Switching Charge rate category provides the switching and DLS End User termination functions necessary to complete the transmission of DLAS Calls to the Premises of the DLS End User and to originate Toll Free (8YY) Calls from a DLS End User to a Customer.

The rates for the Terminating Switching Charge are set forth in SECTION 17. The application of these rates is as set forth in 15.3.1.C. following.

15.2.3 Dedicated Trunk Port

The Dedicated Trunk Port provides for termination of direct facilities used by a single customer in an end office trunk port where traffic is transported between the serving wire center or the hub, and the end office. This rate is assessed on a per minute basis and can be found in SECTION 17.

15.2.4 Common Trunk Port

The Common Trunk Port will apply to all originating and terminating minutes of use between the access tandem and the end office. This rate is assessed on a per minute basis and can be found in Section 17.
