THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Joint Petition of	)	
Ohio Power Company and Midwest Electric, Inc.	)	Case No. 99-1241-EL-PEB
Requesting Revision to a Territorial Boundary	)	
Map.	)	

ENTRY

The Commission finds:

- (1) Ohio Power Company (Ohio Power) and Midwest Electric, Inc. (Midwest) are electric suppliers as defined in Section 4933.81, Revised Code.
- (2) Certification by the Commission of the territories of Ohio Power and Midwest was approved by Entries dated September 28, 1983 and October 21, 1981 in Case No. 78-1311-EL-ORD.
- (3) Ohio Power and Midwest have jointly petitioned the Commission to reallocate their service territories in Sugar Creek and Monroe Townships, Putnam and Allen Counties, Ohio. Specifically, they request the following relocation:

On quadrangle map H-7 Cairo, relocate the existing territorial boundary line starting at a point where the existing boundary line intersects the center line of Miller Road in Putnam County, Sugar Creek Township; thence 630 feet southerly along the existing boundary line; thence 685 feet southerly; thence 1,000 feet easterly into Monroe Township in Allen County; thence 715 feet northerly to the intersection of the existing boundary line.

- (4) In support of their request, the petitioners state that a new customer in Ohio Power's certified territory has requested service. Due to the new customer's distance from Ohio Power facilities, it is not practical for Ohio Power to provide service to the new customer. Midwest is able and willing to serve the customer.
- (5) Section 4933.83 (E), Revised Code, provides in pertinent part:

Notwithstanding the effectuation of certified territories established by or pursuant to Sections 4933.81 to 4933.90 of the Revised Code and the exclusive right of electric suppliers to serve within such territory, and notwithstanding any other provisions of such sections establishing rights of electric suppliers to furnish electric service, any two or more electric suppliers may jointly petition the Commission for the reallocation of their own territories and electric load

centers among them and designating which portions of such territories and and electric load centers are to be served by each of the electric suppliers.

- (6) The Staff has reviewed this petition and recommends approval of the boundary line relocation described in Finding (3).
- (7) No exception to the change described in Finding (3) has been brought to the Commission's attention.
- (8) The Commission finds that granting the requested relief will promote the purposes of Sections 4933.81 to 4933.90, Revised Code, and will further promote the provision of adequate service to all territories and electric load centers affected by the relocation. Accordingly, the Commission shall order the appropriate modification of the territorial boundary of Ohio Power and Midwest.

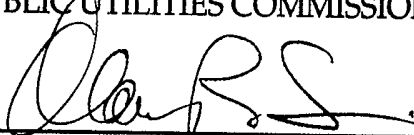

It is, therefore,

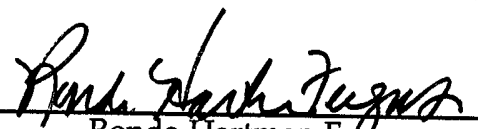

ORDERED, That the request of Ohio Power and Midwest to relocate their territory boundary is granted. It is, further,

ORDERED, That the change on quadrangle map H-7 Cairo, described in Finding (3), be approved to show the boundary line change. It is, further,

ORDERED, That a copy of this Entry be served upon each party of record.
