Dear Sirs,

04-747-TR-CV4

In responce to your letter recieved on 05/07/04, at the conclusion of the phone conference,I as a American citizen with rights to due procces requested a trial before a judge and jury as is my right. It is now evident that the state of Ohio has no intent in granting me my civial rights as set forth by the Constitution/Bill of rights. I am once again requesting a trail by a REAL judge and not the kangaroo court that does not see me as a United States citizen, rather a sorce of revenue. Also the state of Ohio has a history of dicriminating against truck drivers by occupation,along with several other states. These days of occupupational segergation/discrimination are over. We,the American over the road truck drivers do herby say NO MORE. Give me a court date and be ready for a leagal battle. You will not violate my rights or the rights of my fellow drivers any more.

Sincerly Homer A Randall
