During the period of August 1, 2002 through December 31, 2002, business customers will be eligible for the following intraLATA toll rate per minute.

Eligible customers include business customers with 1 to 10 Business Exchange Access Lines who are currently using another carrier for their intraLATA toll service and are now returning their intraLATA toll service to Ameritech, and who commit to a 12-month term with Ameritech.

Eligible customers will receive a rate of \$0.045 per minute on their intraLATA toll usage for the 12-month term period. Upon expiration of the 12-month term period rates will revert to the "standard" intraLATA toll schedule unless another existing Optional Calling Plan is selected. The \$0.045 per minute rate will only apply to customer dialed, station-to-station calls. This per minute rate is billed in increments of eighteen (18) seconds and additional increments of six (6) seconds or fraction thereof.

If the customer terminates the plan prior to expiration of the 12-month term, the customer will be billed a lump sum termination charge of \$25.00. Service establishment and monthly recurring charges are not associated with this offer.

This offering may not be combined with any other Ameritech Optional Calling Plan on the same line. This offer is not available on coin telephone service.
