

in additional charges to customers, which constitutes a rate increase.

- (4) The Commission finds that it is not necessary to grant intervention to OCC in order to consider its comments in our determination on these applications. In their January revised tariffs, the applicants withdrew their proposed change to the time period for a free meter test and reinstated their current policy. Consequently, OCC's concerns have been resolved.
- (5) The proposed tariff revisions fully comport with the Electric Service and Safety Standards contained in Chapter 4901:1-10, O.A.C.
- (6) These applications have been filed pursuant to Section 4909.18, Revised Code, and the Commission finds, as OE, CEI and TE allege, that they are not for increases in any rate, joint rate, toll, classification, charge or rental and do not appear to be unjust or unreasonable and should be approved. Therefore, the Commission finds it unnecessary to hold a hearing in this matter.

It is, therefore,

ORDERED, That tariff revisions of The Ohio Edison Company and The Cleveland Electric Illuminating Company as filed on January 24 and 28, 2005, and The Toledo Edison Company's tariff revisions filed on January 24, 2005 are approved. The applicants are authorized to file, in final form, four complete printed copies of the approved tariff revisions and to cancel and withdraw the superseded tariffs. One copy shall be with the appropriate case docket, one shall be filed with each company's "TRF" docket, and the remaining two copies shall be designated for distribution to the Commission staff. OE, CEI and TE shall also update their tariffs previously filed electronically with the Commission's Docketing Division. It is, further,

ORDERED, That the Office of the Ohio Consumers' Counsel's motion to intervene is denied. It is, further,

ORDERED, That the effective date of the new tariffs shall be a date not earlier than both the date of this Finding and Order and the date upon which the copies of the final tariffs are filed with this Commission. The new tariffs shall be effective for services rendered on or after the effective date. It is, further,

ORDERED, That The Ohio Edison Company, The Cleveland Electric Illuminating Company and The Toledo Edison Company shall notify all affected customers of the tariff changes within 30 days of the effective date. It is, further,

ORDERED, That nothing in this decision shall be binding upon this Commission in any future proceeding or investigation involving the justness or reasonableness of any rate, charge, rule or regulation. It is, further,

ORDERED, That these cases be closed of record. It is, further,

ORDERED, That a copy of this Finding and Order be served upon all interested parties in these proceedings.
