ENTRY

The Commission finds:

- (1) Ohio Power Company (Ohio Power) and Ohio Edison Company (Ohio Edison) are electric suppliers as defined in Section 4933.81, Revised Code.
- (2) Certification by the Commission of the territories of Ohio Power and Ohio Edison was approved by Entries dated September 28, 1983 in Case No. 78-1311-EL-ORD.
- (3) Ohio Power and Ohio Edison have jointly petitioned the Commission to reallocate their service territories in Jefferson Township, Crawford County, Ohio. Specifically, they request the following relocation:

On quadrangle map H17-North Robinson, include an overlap Area "A" served by Ohio Edison in Ohio Power certified territory.

- (4) In support of their request, the petitioners state that two overlap customers were erroneously omitted from the original filing.
- (5) Section 4933.83 (E), Revised Code, provides in pertinent part:

Notwithstanding the effectuation of certified territories established by or pursuant to Sections 4933.81 to 4933.90 of the Revised Code, and the exclusive right of electric suppliers to serve within such territory, and notwithstanding any other provisions of such sections establishing rights of electric suppliers to furnish electric service, any two or more electric suppliers may jointly petition the Commission for the reallocation of their own territories and electric load centers among them and designating which portions of such territories and electric load centers are to be served by each of the electric suppliers.

- (6) The Staff has reviewed this petition and recommends approval of the boundary line relocation described in Finding (3).

Accordingly, the Commission shall order the appropriate modification of the territorial boundary of Ohio Power and Ohio Edison.

It is, therefore,

ORDERED, That the request of Ohio Power and Ohio Edison to reallocate their territory boundary is granted. It is, further,
