FINDING AND ORDER

The Commission finds:

- (1) The Applicant, The Cincinnati Gas & Electric Company, is a public utility as defined in Section 4905.02, Revised Code, and, as such, is subject to the jurisdiction of this Commission.
- (2) The Applicant now petitions this Commission for approval of Summary Billing Agreements for Electric Service with various Customers. The Applicant has customers that have multiple service locations within the Applicant's service territory.
- (3) The Customers have requested the Company to summarize the charges to each individual utility account to a single bill. Processing a single bill will be more efficient for the customers and will reduce Customer's costs.
- (4) The terms of the Summary Billing Agreements are as follows:
 - (a) The Agreement addresses only the means and timing of the rendering of a bill and payment thereof. It does not change any price or service quality terms for the underlying utility service. The Customers have acknowledged that the revenue neutral payment date does not affect its cash flow and that the bill may be due in less than 21 days from when it is rendered for some of the included accounts.
 - (b) The Customers agree that the amount shown as owed on the Summary Billing Statements will be due by the Summary Billing due date.

- (c) Payments will be considered delinquent if not received by the Company on or before the established summary billing due date. After an account becomes 60 days past due, the summary billing agreement may be terminated without further notice.
 - (d) The Company or the Customers may cancel this Agreement upon thirty days written notification for any reason. In the event of termination, the covered accounts will return to the normal billing and collection procedures of the supplying utility.
 - (e) This Agreement may be amended or modified by written agreement of the Company and the Customers at any time.
 - (f) The Company may terminate this Agreement if it receives an order from an agency or court having jurisdiction over it requiring termination, suspension or modification of the Agreement or product offering. The Company will notify affected customers within a reasonable time after receipt of said order.
- (5) The application should be approved as filed pursuant to Section 4905.31, Revised Code.
 - (6) The Commission puts the Applicant on notice that, should certain regulatory or legislative changes occur in Ohio such that customers have substantially more choices as to the provider of their electric energy in the future, the Commission may consider allowing customers to take a "fresh look" at long term commitments.
 - (7) Our approval of this contract does not constitute state action for the purpose of the antitrust laws. It is not our intent to insulate the Applicant or any party to a contract approved by this Finding and Order from the provisions of any state or federal law which prohibit the restraint of trade.

It is, therefore,

ORDERED, That the Agreements attached to the applications are approved and shall become effective pursuant to their terms. Two copies of the Agreements as filed with the applications shall be accepted for inclusion in this docket. It is, further,

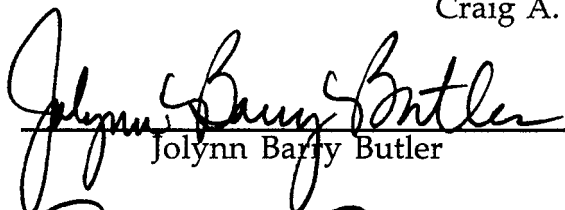

ORDERED, That the Commission's approval of this contract does not constitute state action for the purpose of the antitrust laws. It is, further,

ORDERED, That nothing in this Finding and Order shall be binding upon this Commission in any subsequent investigation or proceeding involving the justness or reasonableness of any rate, charge, rule or regulation. It is, further,

ORDERED, That a copy of this Finding and Order be served upon the Applicant, the Customer's and all parties of record.
