## 1. MONTHLY EXCHANGE SERVICES

Telephone Exchange Service is the furnishing of facilities necessary for communicating within specified exchange areas. Service is comprised of three components - network access line, central office termination and usage. There are two classes of service, Non-Residence and Residence. Except where otherwise provided the monthly rates in this paragraph 1 cover the access line and central office termination for the types and classes of exchange service listed.

A list of exchanges and network access areas appears in Section 1 preceding.

### A. Network Access Lines

Monthly rates for network access lines are determined by class of service and by access area. The customer's normal serving central office determines the applicable access area rate. The access areas, by exchange, are shown in Section 1 preceding.

#### Central Office Termination

Furnishes dial tone along with a termination for the network access line to the serving central office for the placing and receiving of calls.

/1/ Material formerly appeared on 3rd Revised Sheet No. 1 in this Section.

/2/ The previous tariff page, 3rd Revised Sheet No. 1, issued January 8, 1999 and effective January 9, 1999, contained a typographical error. The Total Monthly Rate was entered as \$20.10, rather than the correct rate of \$21.10. Customers had been charged the correct rate for the Network Access Line (\$18.80) and the Central Office Termination (\$2.30) for this period. The current Original Sheet No. 1.1 does accurately reflect a reduction of correct Total Monthly Rate billed.
