Re: Case Nos. 96-347-TP-ATA; 96-66-TP-CSS; and 90-5032-TP-TRF

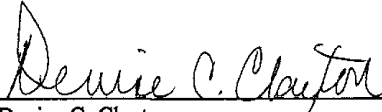

Dear Gary:

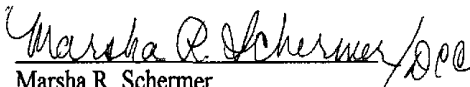

Please be advised that Time Warner Communications of Ohio, Inc. ("Time Warner") is in receipt of the interconnection tariff filed in the above-referenced proceedings by Ameritech Ohio on Friday, April 5, 1996. While Time Warner is currently reviewing the tariff, it is unclear what process or procedure is available for input regarding the contents of the tariff. Accordingly, Time Warner hereby respectfully requests clarification regarding such processes or procedures, including the time lines associated with Time Warner's ability to provide input regarding the February 5, 1996 tariff filing.

While the Commission's Opinion and Order issued March 21, 1996 in Case No. 96-66-TP-CSS outlined a dispute resolution mechanism to be instituted on April 16, 1996 if the parties cannot resolve the remaining issues on an interim interconnection agreement prior to that time, Time Warner does not wish to include its objections, if any, to the filed tariff in the dispute resolution process, unless that is necessary. It is Time Warner's belief that a specifically defined process/procedure for the review and approval of this tariff is necessary.

If you have any questions regarding any of these matters, please do not hesitate to contact us. We continue to appreciate the Commission's quick attention to these matters.

Very truly yours,
