SWITCHED TELEPHONE SERVICES

1. EXCHANGE TELEPHONE SERVICES

1.17. CUSTOM CALLING SERVICE - Continued

Caller ID - Name and Number - is an arrangement that is provided as an enhancement to Calling Number ID and permits a customer with local exchange service to receive the name, as well as the telephone number, associated with the calling party for calls placed to the customer. The calling telephone number and name will be forwarded from the terminating central office to compatible customer-provided display equipment associated with the customer's local exchange service. If the calling telephone number and name is not available for forwarding to the called party, a message indicating that unavailability will be forwarded. The calling party can prevent the Caller ID - Name and Number customer from seeing the calling telephone name and number display by activating Cancel Calling Number Delivery - Per Call or Cancel Calling Number Delivery - Per Line. When the calling party uses this blocking capability, the Caller ID - Name and Number customer will receive an indication on the Caller ID - Name and Number equipment that the display of the calling telephone name and number has been suppressed. (N)

Anonymous Call Rejection - provides customers the ability to reject calls from persons that have Cancel Calling Number Delivery Per Call or Per Line (privacy) activated. The calling party will hear a recorded announcement asking that they hang up and call back without privacy activated. This service is provided at no charge to all customers subscribing to Calling Number ID and Caller ID - Name and Number. Customers not subscribing to Calling Number ID or Caller ID - Name and Number may order this service at the specified monthly charge. Calls routed to an Anonymous Call Rejection recorded announcement in a GTE exchange will not be rated as completed calls or be charged as measured or toll calls. A caller may choose to place his call through an operator. Operator surcharges will apply for the completed call. Operator surcharges will be waived for calls within GTE's network for victims of domestic violence, domestic violence agencies and programs, and emergency personnel while performing their jobs. (N)
